

Curriculum Vitae

Name		
<p style="text-align: center; font-size: 2em;">Watanabe, Yoshihito</p>		
Position title		
<p style="text-align: center;">Senior Presidential Adviser, Nagoya University</p>		
Education		
1976 B.Sc. Faculty of Science, Tohoku University, Japan		
1982 Ph.D. Graduate School, Division of Chemistry, University of Tsukuba, Japan		
Professional experience		
Apr2019 - present	Senior Presidential Adviser, Nagoya University	
Apr2012-Mar2019	Trustee/ Vice-President (International Planning and Public Relations), Nagoya University	
Apr2009-Mar2012	Vice-President (Research and International Planning), Nagoya University	
Apr2019 - present	Director, Integrated Research Consortium on Chemical Sciences	
Nov2006-Mar2019	Professor, The Research Center for materials Science, Nagoya University	
Apr2001-Oct2006	Professor, Department of Chemistry, Graduate School of Science, Nagoya University	
Oct1994-Mar 2002	Professor, Institute for Molecular Science	
Oct1990-Sep1994	Associate Professor, Kyoto University	
Apr1989-Sep1990	Senior Research Scientist, National Chemical Research Laboratory for Industry	
Mar1987-Mar1989	Assistant Professor, Keio University	
Oct1985-Feb1987	Senior Research Scientist, Princeton University	
Apr1982-Sep1985	Post-doctoral Fellow and Senior Research Scientist, University of Michigan	
Professional memberships & service		
Journal of Inorganic Biochemistry; Editorial Board (1997-).		
European Journal of Inorganic Chemistry; International Advisory Board (2000-).		
Journal of Biological Inorganic Chemistry; Editorial Board (2001-).		
Presidential Advisory of Nagoya University (2004-)		
International Council member of the Society of Bioinorganic Chemistry		
Research, scholarly & teaching interests		
Metalloproteins, chemical biology, bioinorganic chemistry, heme proteins, metal complexes, catalysis
